4. **FY 2015 4th Quarter Report – Operations**
   Staff provided an overview of the statistics for the 4th Quarter of FY2015. These included fixed route and paratransit statistics. In the discussion regarding accidents and claims, it was explained that the funds paid for claims are usually reflective of claims from previous quarters, as there is some lag time from when an accident occurs and when claims are paid. Some claims are paid over a lengthy period of time. Valid complaints for both the fixed route and paratransit service were discussed, including what constitutes a “bypass” and how complaints are validated. This item was informational only.

5. **Fourth Quarter 2015 Marketing and Outreach Activities**
   Completed activities included Stand Up 4 Transportation Event, Livermore Wine Festival, Alameda County Fair, Wheels website redesign, the Facebook Bike Giveaway and a number of items regarding Wheels in various news features. Wheels was featured in the July issue of APTA’s Passenger Transport for the art mural dedication. Upcoming activities include Try Transit To School, from September 7 – 18, 2015. This item was informational only.

6. **Amendment to the Wheels Accessible Advisory (WAAC) Committee Bylaws**
   The WAAC requested the Board amend the WAAC Bylaws to add ACTC’s Paratransit Advisory Committee (PAPCO) representative position to the committee membership. This would increase membership from 10 representatives to 11. The Committee is forwarding the recommendation to amend the bylaws as proposed by the WAAC and Staff.

   Approved: Brown/Spedowfski
   Aye: Haubert, Brown, Argula, Spedowfski
   No: None
   Abstain: None

7. **Clipper Memorandum of Understanding**
   Staff brought the Amended and Restated Clipper Memorandum of Understanding to the Committee for review. There were questions regarding the MOU and although the staff recommendation was for the Committee to recommend approval of the MOU to the Board, the Committee opted to move the item forward to the Board for discussion and action without a vote in Committee.

8. **LAVTA Fares and Clipper Day Pass Accumulator**
   Information was provided regarding the proposed update to LAVTA’s fares policy, including the public hearing held earlier in the month to request comments on the Clipper Day Pass Accumulator. Only three comments were received during the comment period and hearing. Although the staff recommendation was for the Committee to recommend approval to the Board of the resolution adding Clipper
fares, including the Day Pass Accumulator, to LAVTA’s Consolidated Fares and Transfer Agreements, the Committee opted to move the item forward to the Board for discussion and action without a vote in Committee.

Staff gave a status update of the COA, including activities that have taken place over the past 60 days. David Haubert asked that staff reach out to him to discuss the COA, as he was unable to attend the July Board retreat. The next round of public meetings, as well as the Technical/Stakeholder Advisory Committee meetings, will be the week of October 26. Steven Spedowski asked that staff send him a list of members of the Stakeholder Advisory Committee (SAC) so that he could make sure key stakeholders are present at the next SAC meeting. This item was informational only.
