WAAC

SUBJECT: Tri-Valley Comprehensive Paratransit Assessment

FROM: Christy Wegener

DATE: January 4, 2016

Action Requested

Information only.

Background

In late August, the City of Pleasanton, in partnership with LAVTA, released a Request for Proposals (RFP) to bring onboard a consultant to conduct a comprehensive assessment of paratransit services throughout the Tri-Valley. This is an update on the contract award.

Discussion

At the December 6th meeting, the Pleasanton City Council voted to approve a contract with Nelson Nygaard to conduct the Tri-Valley Comprehensive Paratransit Assessment. The team will be led by Joey Goldman and Richard Weiner of Nelson Nygaard, with assistance from Naomi Armenta and Samantha Erickson.

Next Steps

The City of Pleasanton and LAVTA will have a kickoff meeting with the project team in January. After the kickoff meeting, more information will be brought back to the WAAC about next steps and the formation of a stakeholder committee.
