

STAFF REPORT

SUBJECT: Fixed-Route Operations and Maintenance Contract

FROM: Michael Tree, Executive Director

DATE: February 27, 2018

---

**Action Requested**

Recommend to the Board of Directors that the Operations and Maintenance (O&M) Contract for fixed-route bus service be awarded to MV Transportation for a period of three base years commencing on July 1, 2018, with LAVTA holding four additional one-year options. This issue will be brought to the February 26 Projects & Services Committee meeting for a focus on the methods of service delivery, and to the February 27 meeting of the Finance & Administration Committee for a focus on costs and procurement. Both Committee recommendations will be forwarded to the full Board on March 5, 2018, for action.

**Background**

LAVTA most recently went out to bid for its O&M contract in 2011, and awarded the fixed-route contract to MV Transportation, which has held LAVTA's fixed-route O&M contract continuously since 2003. At that time, the paratransit O&M contract was awarded to American Logistics Company, and since that time the two contracts have been procured and managed separately due to fundamental differences in business models between the two modes of service planning and delivery.

MV's current fixed-route O&M contract commenced on July 1, 2011. The three base years of the current contract expired on June 30, 2014. At that time, the Board of Directors began extending the contract term by exercising each of the four option years in succession, as business conditions remained stable and overall service levels remained fairly consistent throughout the contract period. On July 1, 2016, MV executed a new collective bargaining agreement (CBA) with the Teamsters Local 70, which is in effect through June 30, 2020. On November 27, 2017, MV notified LAVTA staff that it was in negotiations with the union to renegotiate the CBA to raise wages for entry-level drivers based on a market analysis of starting wages in the Livermore area for drivers. On November 29, 2017, MV and the Teamsters executed a Memorandum of Agreement amending the existing agreement accordingly for the remainder of the CBA term.

**Discussion**

In preparing to re-bid the fixed-route O&M contract, staff developed and refined procurement documents beginning in Summer 2017 to incorporate LAVTA's current

operating conditions, agency priorities, and revenue forecasts. During this time, staff also contemplated the status of the paratransit O&M contract (currently held by Medical Transportation Management, Inc.) and determined that it was in LAVTA’s interests under present business conditions to keep the fixed-route and paratransit contracts separate for the time being. On October 20, 2017, LAVTA issued a Request for Proposals (RFP) for the operation and maintenance of fixed-route bus service.

Five firms attended a pre-proposal conference on November 6, 2017, in which the scope of services was described. The due date for proposals to be submitted was January 5, 2018, and at that time three proposals were received from First Transit, Inc., MV Transportation, Inc., and Ride Right LLC. (Ride Right is the fixed-route counterpart to MTM, Inc.)

Staff convened a panel to evaluate the proposals comprising the following individuals with subject-matter expertise both internal and external to LAVTA, and having direct experience with all three proposing firms:

- Tamara Edwards, Director of Finance, LAVTA
- Steve Ponte, Chief Operating Officer, Tri Delta Transit
- Rob Thompson, Assistant General Manager, WestCAT
- Christy Wegener, Director of Planning and Operations, LAVTA
- Jennifer Yeamans, Senior Grants, Project Management & Contract Specialist, LAVTA

The panel reviewed the written proposals in early January and subsequently conducted in-person interviews on January 25 and 29 with the three proposers, including their proposed management teams.

The evaluation criteria used to rank the proposals and each firm’s average score from the evaluation panel were as follows:

<b>Criterion</b>	<b>First Transit</b>	<b>MV</b>	<b>Ride Right</b>
The experience of the local management team and the company (max 30 points)	20.4	24.8	21.6
Cost of providing the contractual services (max 25 points)	19.0	23.2	22.0
Approach to Scope of Work (max 35 points)	27.4	27.8	31.2
The commitment to the existing workforce (max 10 points; no partial points awarded)	10.0	10.0	10.0
<b>Total (max 100 points)</b>	<b>76.8</b>	<b>85.8</b>	<b>84.8</b>

Because this procurement is an RFP, LAVTA can make its decision based on which proposal is perceived to provide the best value to the agency; it is not a process that mandates an award to the lowest responsible bidder. Staff nevertheless analyzed each firm’s best and final cost proposal carefully and determined MV’s proposal to be lower than the others across several cost factors described further in the Budget section below.

Other key differentiators in the evaluation included:

- Because of its proposed management team’s tenure with the Wheels system and MV’s long-standing presence providing bus service in the Tri-Valley, MV ranked highest in firm and local-management experience. First Transit scored relatively well in terms of the firm’s industry experience but less so in terms of the experience of the proposed local management team. Conversely, Ride Right had a strong proposed local management team but no comparable experience as a firm delivering fixed-route service for a system and fleet of LAVTA’s size and complexity.
- Ride Right scored highest in terms of the proposed approach to LAVTA’s scope of work. Panelists were responsive to several innovative ideas presented and a highly customer-focused approach to delivering service and enhancing employee morale. Both MV and First did not present as many cross-cutting, innovative strategies, and/or demonstrated a lack of knowledge or specificity in interviews of some key aspects of LAVTA’s service goals and/or agency priorities, such as driver recruitment and retention.

After the panel’s evaluation and interviews, and after issuing follow-up questions and receiving clarifying responses, the proposers’ rankings were as follows:

MV Transportation	1st
Ride Right	2nd
First Transit	3rd

**Budget**

The base-year costs proposed by the three firms and comparison to the agency’s FY 17-18 fixed-route O&M budget of \$9,338,719 at present service and full staffing levels are as follows:

Firm	Proposed	Comparison to FY 17-18	
	FY 18-19 Base Cost	\$	%
MV Transportation	\$10,062,348	+\$723,629	+7.7%
Ride Right	\$10,573,134	+\$1,234,415	+13.2%
First Transit	\$10,667,156	+\$1,328,437	+14.2%

Incorporating the various cost-escalators provided by each firm illustrates the total costs of each firm’s proposed services over the three-year initial contract period as well as the total seven-year term with options.

Firm	Initial 3-Year Term		7-Year Total with Options	
	Average Escalator	Total Obligation	Average Escalator	Total Obligation
MV Transportation	2.77%	\$31,035,975	2.69%	\$76,351,950
Ride Right	3.84%	\$33,039,979	2.76%	\$81,445,247
First Transit	4.95%	\$33,629,781	4.13%	\$85,653,521

Normalizing the cost proposals across minor variations in staffing levels proposed, MV's proposal was nearly \$2,000 less per Full-Time Equivalent (FTE) employee per year over the initial three-year term than the other proposers. All three firms were notified of the Memorandum of Agreement MV executed with its union via an Addendum to the RFP and had the opportunity to incorporate the revised CBA and current employment conditions into their cost proposals.

Finally, both non-incumbent firms proposed transition and startup costs ranging from \$317,585 (First) to \$476,042 (Ride Right) associated with taking over the contract. MV's proposal included no such costs.

### **Fiscal Impact**

Expenses associated with the new Operations and Maintenance contract will be incorporated into the FY18-19 budget development process, which will begin in March and be completed in June with Board approval.

### **Next Steps**

Staff seeks the Board's approval of the O&M contract award at the March 5 meeting. If approved, LAVTA's Executive Director and Legal Counsel will enter into final negotiations to execute a contract for the three-year term beginning July 1, 2018.

Upon execution of the new contract, LAVTA staff will work to align oversight of the contract with LAVTA's key agency goals and priorities with more comprehensive feedback mechanisms between LAVTA and contractor staff to promote the highest standards of performance in support of LAVTA's strategic priorities.

Staff proposes to return to the Board after the end of the second full year of the new contract period for a comprehensive review of the contractor's performance in delivering the scope of work in a way that supports LAVTA's key agency priorities, in order to inform any potential future exercise of option years.

### **Recommendation**

Staff recommends that the Committee recommend to the Board of Directors that the fixed-route operations and maintenance contract be awarded to MV Transportation. MV's proposal was ranked highest, its cost was the lowest proposed with the lowest escalators, and the management team has direct experience successfully delivering LAVTA's services.
