11. Rail Stipends for Director of Finance and Director of Planning/Marketing

Executive Director Michael Tree provided the Board of Directors the Rail stipends for Director of Finance and Director of Planning/Marketing for discussion. Metropolitan Transportation Commission (MTC) anticipated that the Rail Authority would require work from LAVTA's Director of Finance and Director of Planning and Marketing. Executive Director Michael Tree estimated during the budgeting process with MTC for the money they allocated that perhaps an hour of over time per day or 5 hours per week might be appropriate. The stipends will be effective retroactively to January 1, 2019. Legal Counsel Michael Conneran stated that retroactive pay is problematic, so the appropriate discussion is would the agency be interested in accepting this money, passing it on, and then figure out how to do it. This item was discussed by the Board of Directors and staff extensively. Chair Scott Haggerty is okay with the stipend as long as they can justify their time on the Rail Project then they should be paid for it. He also noted that if we are unable to do retroactive pay then it should start as soon as possible and the Board should approve this and move forward. Executive Director Michael Tree acknowledged that he would report back to the Board with updates on how the overtime is working out for the employees working on the Rail Project.

This item was for discussion only.

12. Executive Director's Report

Executive Director Michael Tree provided the Board of Directors the Executive Director's Report. Executive Director Michael Tree informed that Fixed Route weekday ridership is up 9% over December of 2017. CHP conducted their annual inspection and gave our agency a satisfactory rating, which is the highest rating available. LAVTA implemented the Fare changes and it went smoothly and staff is monitoring it closely. Executive Director Michael Tree announced four APTA AdWheel Awards for LAVTA. Director of Planning and Marketing informed that the first place awards will be handed out in New Orleans in February and the Grand Prizes will be awarded in New York in October.

This was informational only.

Chair Scott Haggerty acknowledged alternate Jean Josey from the City of Dublin, since she was

sitting in the audience and thanked her for attending.

13. Matters Initiated by the Board of Directors

None.

STAFF REPORT

SUBJECT: Resolution in Support of Allocation Request for FY 18-19 Funding through the State Low Carbon Transit Operations Program (LCTOP)

FROM: Jennifer Yeamans, Senior Grants & Management Specialist

DATE: March 4, 2019

Action Requested

Based on a recommendation from the Finance & Administration Committee, staff requests the Board of Directors approve Resolution 05-2019 in support of an allocation request to Caltrans for the Low Carbon Transit Operations Program (LCTOP) toward the future purchase of four zero-emission battery-electric replacement buses in FY 2022. This resolution is required to request allocations for this funding from Caltrans.

Background

The LCTOP was established by California Senate Bill 862 to provide funding, on a formula basis, for operational or capital expansion projects to reduce greenhouse gas emissions and improve mobility, with a priority on serving disadvantaged communities. The funds are derived from California's Cap-and-Trade Program and are the result of quarterly auctions of emission credits for greenhouse gas emitters regulated under AB 32, California's Global Warming Solutions Act of 2006. Auction proceeds, known as the Greenhouse Gas Reduction Fund, are then reinvested in various projects to further reduce emissions. There is a continuous appropriation of 5 percent of Cap and Trade auction proceeds into the LCTOP and other Cap and Trade programs. The auction proceeds are anticipated to vary over time as Cap and Trade revenues fluctuate.

The program guidelines state that transit agencies receiving funds from the LCTOP shall submit expenditure proposals listing projects that meet any of the following criteria:

- Expenditures that directly enhance or expand transit service by supporting new or expanded services, expanded intermodal transit facilities, and may include equipment acquisition, fueling, and maintenance, and other costs to operate those services or facilities.
- Operational expenditures that increase transit mode share.
- Expenditures related to the purchase of zero-emission buses, including electric buses, and the installation of the necessary equipment and infrastructure to operate and support zero-emission buses.

The LCTOP specifically requires documentation that each proposed project will achieve a reduction in greenhouse gas emissions and will not supplant other sources of funds. In

addition, project sponsors are required to document how their projects meet all program requirements related to benefits to Disadvantaged Communities (DACs) and AB 1550 Population requirements to benefit low-income households. LAVTA’s service area has one low-income census tract as defined by AB 1550, shown in the map in Attachment 2.

Discussion

As was previously approved for LAVTA’s FY 17-18 LCTOP allocation, staff proposes to roll its FY 18-19 allocation forward toward the future purchase of four zero-emission battery-electric buses to replace diesel-electric hybrids at the end of their useful life in FY 2021-22. LCTOP guidelines permit eligible recipients to roll funds over into a subsequent fiscal year, accruing a maximum of four years of LCTOP funds for a more substantial project. Approved projects must also be completed and funds expended within the subsequent four years. Applying the LCTOP funding to a future zero-emission battery-electric bus purchase will meet the LCTOP program requirements by reducing greenhouse gas emissions associated with operating diesel-electric hybrid buses. Because FY 18-19 LCTOP allocations came in higher than previously budgeted based on actual Cap-and-Trade auction proceeds, LAVTA will also roll over some additional funding toward the purchase of support infrastructure needed for zero-emission buses.

LAVTA’s next replacement bus purchases are currently scheduled for FY 2022 and FY 2023 according to the agency’s Short Range Transit Plan. The LCTOP funds will specifically be used to offset the incrementally higher cost of battery-electric buses compared to diesel-electric hybrids typically funded with Federal Transit Administration formula funds for transit capital projects.

Budget

The proposed project budget and schedule is as follows, pending future funding decisions in future budget years. The attached resolution only commits FY 2018-19 LCTOP funds highlighted below to a future project, as permitted by the guidelines.

Fund Source	FY 2017-18 (previously committed)	FY 2018-19 (current allocation)	FY 2021-22 (future anticipated)	Total

LCTOP – Population Based	\$264,885	\$401,737	-	\$666,622
<i>LCTOP Subtotal</i>	<i>\$316,274</i>	<i>\$473,198</i>	-	<i>\$789,472</i>
FTA 5307	-	-	\$2,720,000	\$2,720,000

Total Budget	\$316,274	\$473,198	\$3,320,000	\$4,109,472

Recommendation

Based on a recommendation from the Finance & Administration Committee, staff requests the Board of Directors approve Resolution 05-2019 in support of an LCTOP allocation request to Caltrans for the future purchase of four zero-emission battery-electric replacement buses and related support infrastructure in FY 2022. This resolution is required to request allocations for this funding from Caltrans.

STAFF REPORT

SUBJECT: MV Transportation, Inc. Employee of the Month
FROM: Jonathan Steketee, Customer Service & Contract Compliance Manager
DATE: March 4, 2019

Action Requested

None – Information Only.

Background

MV Transportation, Inc. (MV) has started a new initiative to recognize an employee each month that goes above and beyond expectations in their work. MV & LAVTA Staff know that excellent service to the public is only possible by having excellent employees and go above and beyond expectations each and every day.

MV will choose an employee of the month each month who exceeds in their work. The chosen employee will park in the “Employee of The Month” parking space in the parking lot. The space has a sign designated the parking space for the employee of the month and is a prime parking spot.

Additionally, the employee’s picture is featured above the “Employee of The Month Plaque” in the break room and their name is placed on the plaque. The plaques will remain on the wall with the names of each employee who was the employee of the month.

Discussion:

The MV Employee of the month for January, 2019 is Mandell Coats.

Mandell is the facility supervisor for MV Transportation Inc. and oversees facility upkeep, maintenance, and repairs for all LAVTA owned property. Additionally, Mandell assists LAVTA in overseeing outside custodial and maintenance vendors and the bus shelter cleaning program.

Mandell was selected as MV’s January’s Employee of the Month for all his hard work getting the LAVTA Bus Stop Inventory List complete in an unexpected short amount of

time. As well as his overall dedication to the job and ensuring that customers and employees have a safe and enjoyable experience.

As Supervisor, Facility Maintenance, Mandell has exceeded expectations in handling all aspects of his responsibilities. Last year, Mandell was promoted into the Supervisor position after the incumbent made an unexpected departure. Mandell quickly learned the ins and outs of his role and has excelled in the position. Mandell responds quickly to all inquiries and completes task well ahead of deadlines.

You can find Mandell always checking in with employees on how conditions are and if any improvements need to be made, he always has a smile, and is a fantastic addition to our team.

ITEM 7

STAFF REPORT

SUBJECT: Rail Stipends for LAVTA Staff

FROM: Michael Tree, Executive Director

DATE: March 4, 2019

Action Required

Authorize the Executive Director to provide stipends to staff members working on Rail Authority tasks consistent with the adopted Rail Budget.

Background

Per AB 758 (Eggman/Baker) LAVTA administration serves currently, and for at least the first year, as the administrative agency for the Tri-Valley San Joaquin Valley Regional Rail Authority (Regional Rail Authority). As such LAVTA staff members have been working on a variety of tasks for the Rail Authority. In December 2018, the Regional Rail Authority reviewed and approved their budget for the next 12 months (attached) which included stipends for the LAVTA Executive Director, LAVTA Director of Planning and Marketing, and LAVTA Director of Finance. The intent of the stipends is to compensate individuals in those positions for time spent working for the Regional Rail Authority that is above and beyond their normal workloads at LAVTA.

At the January Board meeting staff discussed providing stipends for one year of \$25,000 for the LAVTA Director of Finance and LAVTA Director of Planning/Marketing.

Discussion

Attached is the information provided at the February Board meeting. At that meeting the Board discussed the stipends for the Director of Finance and the Director Planning/Marketing. However, a formal action is needed as these are members of the LAVTA staff. Since the stipends have been delayed it is requested that instead of being retroactive to January 1, 2019, that the stipends begin in March 2019 for a period of 10 months not to exceed a total of \$50,000 as approved in the Rail budget. Additionally, the Executive Director would like the discretion to determine the activities to be completed in exchange for the additional stipends. As reference, the stipend amount represents approximately 260 hours of overtime at the current hourly equivalent rate for the two positions.

Recommendation

Staff requests that the Board of Directors approve the Stipends for the Director of Finance and the Director of Planning and Communication to be administered at the discretion of the Executive Director.

STAFF REPORT

SUBJECT: Rail Stipends for Director of Finance and Director of Planning/Marketing

FROM: Michael Tree, Executive Director

DATE: February 4, 2019

Action Required

This is an informational item.

Background

Per AB 758 (Eggman/Baker) LAVTA administration serves for at least the first year as administration for the Tri-Valley San Joaquin Valley Regional Rail Authority (Regional Rail Authority). In December 2018, the Regional Rail Authority reviewed and approved their budget for the next 12 months (attached). Within the approved budget are stipends for the following positions within LAVTA administration: Executive Director, Finance Director and Planning Director. The intent of the stipends is to compensate LAVTA administration for time spent working for the Regional Rail Authority that is above and beyond their normal workloads at LAVTA.

The stipend for the LAVTA Executive Director has been discussed in prior LAVTA Board meetings. Staff seeks to discuss with the LAVTA Board the approved \$25,000 annual stipends for the LAVTA Director of Finance and LAVTA Director of Planning/Marketing. Both stipends are the equivalent to approximately 1 hour of overtime per workday for the LAVTA positions involved.

Discussion

Attached are the anticipated areas of work for the Regional Rail Authority to be completed by the Director of Finance and the Director Planning/Marketing. Both the Director of Finance and the Director of Planning/Marketing have indicated that they can accomplish the work, in addition to their current workload.

The Executive Director is anticipating that the stipends will be effective retroactively to January 1, 2019 due to the Regional Rail Authority workload currently being performed by the Director of Finance and the Director of Planning/Marketing. Both the Director of Finance and the Director of Planning/Marketing understand that no LAVTA or Regional Rail Authority benefits accompany the stipends and that the stipend are for a temporary time period to assist the Regional Rail Authority with its current workload.

Recommendation

The recommendation is that the LAVTA Board discuss the stipends.

Staff recommends the Tri-Valley – San Joaquin Valley Regional Rail Authority Board accept the financial statements for the period of January 1, 2018 through October 31, 2018 and approve the budget for the next twelve months.

Background/Discussion

An initial budget was developed and presented to the Board based on funding revenue secured. These revenues consisted of Bridge Toll (RM1), State Transit Assistance funds (STA) through San Joaquin COG and a planning grant from Caltrans.

Attachment A shows where the revenues and expenses for the agency stand as of October 31, 2018 on a cash basis (everything paid through October 31, 2018). Staff is aware of additional expenses that will exhaust the funds from both RM1 and STA.

Attachment B shows the budget for the agency for the next twelve months. Revenues are from the Caltrans Planning Grant (\$750,000) and a grant from MTC (\$10,121,000). Anticipated expenses for this same period are also shown.

Next Steps

Beginning with the next Tri-Valley – San Joaquin Valley Regional Rail Authority Board meeting staff will present monthly Treasurer's Reports showing budget vs actual revenues and expenses based on expenses paid and grant receipts.

AGENDA

ITEM 8

EXECUTIVE DIRECTOR'S REPORT

February 2019

Near Future Strategic Planning

In March, we will be releasing a Request for Proposals (RFP) for Strategic Planning Services. There will be two components to the RFP. Part One will be the Tri-Valley Hub Network Integration Study, which is funded and a requirement of the State that is tied to the Dublin Parking Garage TIRCP grant. The study will identify opportunities for coordinated megaregional, regional and local bus services at the future Tri-Valley Hub.

Part Two of the RFP will include both a Short Range Transit Plan (SRTP) and a Long Range Transit Plan (LRTP) for LAVTA. The SRTP and LRTP are partially (50%) funded through a grant from the Alameda County Transportation Commission (ACTC).

Proposers will be given the option of submitting proposals on the entire RFP or on either of the components individually. Issuing a single RFP but reserving the ability to award the two components as a combined contract or as separate contracts gives LAVTA flexibility in evaluating the proposals. This strategy also provides potential proposers the opportunity to demonstrate the cost efficiencies that might be possible with a single award.

At the present time, we anticipate bringing a recommendation to the Board this summer. The anticipated timeline for the planning studies is in the 18-24 month range.

Shared Autonomous Vehicle Project

Staff continues to work with BART on the storage and charging infrastructure for the shared autonomous vehicle project. The work has been authorized and is scheduled for completion with BART paying for the construction and installation of the charging infrastructure, as well as the ongoing utility costs to charge the SAV. Additionally, staff is working to install a wireless charger at the site. Discussion with GoMentum to transfer the contract continue and staff estimates a draft agreement for LAVTA Board consideration in the near future.

Development and Submission of Grants for Parataxi and Go Dublin

Staff has submitted two grant proposals for ACTC 2020 discretionary grant consideration. The first grant is \$139,391 for the LAVTA ParaTaxi program to be funded over 5-years. The second grant is for \$86,240 to implement a debit card program for ParaTaxi where individuals can load funds on the debit card and have the 85% reimbursement from LAVTA for ParaTaxi rides automatically applied.

Finally, staff is working with the Bay Area Air Quality Management District on the development of a grant to fund Go Dublin, the innovation partnership between LAVTA and Transit Network Companies (TNCs) in Dublin. Recently, Uber has join forces with MV to provide accessible vehicles for Uber in Dublin, which allows LAVTA's Go Dublin project to have reliable accessibility for all users. Staff continues to work with innovative ideas, such as a near future concierge program for passengers using Go Dublin without access to a smartphone and anticipates ridership growth with program. Citywide, ridership continues to grow in Dublin on the LAVTA bus routes and with the Go Dublin program.
