

EXECUTIVE DIRECTOR'S REPORT

February 2020

Las Positas College Student Transit Pass Program

At the February 3 LAVTA Board of Directors meeting, the Board voted to authorize the Executive Director to execute a second two-year Memorandum of Understanding (MOU) between LAVTA and Chabot-Las Positas Community College District, Las Positas College, for the Las Positas College Student Transit Pass Program. On Tuesday, February 18, 2020, the Chabot-Las Positas Community College District Board of Trustees also approved the MOU, paving the way for the program to continue for at least the next two academic years.

Tri-Valley Hub Network Integration Study

The Technical Advisory Committee formed as part of the Hub Study met for the second time on February 4 in Dublin. Among the items on the agenda were: a discussion of the rail hub concept; candidate locations for the Tri-Valley Hub; and a high level discussion of possible service plans. The group will meet again in early May.

Shared Autonomous Vehicle Project

Staff has been working with Transdev and EasyMile to prepare for the demonstration on March 6th. Signs were installed over President's Day Weekend, special thanks to MV Facilities for making that happen! NHTSA granted permission to allow stakeholders to ride the shuttle and get a first-hand experience of the route on March 6th. A presentation at Dublin City Council on the SAV project was well received on February 18th.

Transit Signal Priority Upgrade and Expansion Project

This is the upgrade of the signal box/software at 66 intersections throughout the Rapid routes. Project will improve the transit signal priority system. Intersection equipment was received in late September. Delivery of on-board equipment for buses is expected in late February, with installation taking place during the month of March. Intersection equipment will be installed in the field during March and April. Once all equipment is installed and configured, the system will be ready for final testing and acceptance in late spring or early summer.

Pleasanton BRT Corridor Enhancement Project (Rapid Bus Stops on Santa Rita)

Staff has been procuring needed equipment based on the final plans and specifications delivered by Kimley-Horn in November. The construction contract was awarded in February and staff has been working on executing the contract documents. Once LAVTA issues the Notice to Proceed, construction is expected to conclude within 5 months.

Dublin Parking Garage Project

County staff have kicked off schematic design work with a county-funded consultant to begin preparing the bridging documents for the design-build RFP, expected to be released later this spring. LAVTA staff is working on finalizing funding agreements with both Caltrans and Alameda County to pass through the state Transit and Intercity Rail Capital funds for the project. LAVTA is now seeking clarification from CalSTA on design features that may be required as a condition of receiving state funding. Once clarification of project requirements is received from the state, LAVTA can proceed with finalizing the TIRCP funding agreement with Alameda County, as soon as April.
