The plan included information about LAVTA's joint procurement with County Connection for the joint ADA paratransit operations contractor who would start providing services as of July 1, 2022. Carmen Rivera-Hendrickson asked if the new contractor will have vehicles that can accommodate oversized mobility devices. Staff replied that the current contractor has two such vehicles and if Ms. Rivera-Hendrickson knows any additional providers staff will reach out to them.

Carmen Rivera-Hendrickson reported that some of the newer buses (1600s and 1700s buses) have a rubber bumper near the entrance, which makes it difficult to maneuver her mobility device.

Connie Mack announced that there will be St. Patrick's Day celebrations in Dublin on the weekend of March 12 and 13. Staff said that Rt. 30 will have minor deviations on Dublin Blvd during that time. Staff will follow up with an email to TAAC members with the details of the detours.
