

# Instant savings

with Clipper Access on all Bay Area fixed-route public transit—bus, BART, ferry and train!

## RTC Discount Card is now Clipper Access

Clipper Access provides the same fare discounts and program benefits as RTC—with a new, improved name.

### ALREADY ENROLLED?

If you're a current customer with an active RTC card, you don't need to do anything. Keep your existing RTC card—your discounts stay the same whether you use an RTC card or the new Clipper Access card.

## Single-ride discounts for Bay Area residents under 65 years old with a qualifying disability

- Clipper Access has 2 different application types—**Basic Eligibility** or **Medical Eligibility**
  - **Basic:** Demonstrate your disability status using documents from a qualified third-party agency or eligibility from another transit agency
  - **Medical:** Your disability is certified by a California licensed medical professional
- For more information on eligibility, review the information sheet for new applicants on the **Clipper Access 511.org** website
- If the application process is inaccessible due to disability, email us at **[clipperaccess@bayareametro.gov](mailto:clipperaccess@bayareametro.gov)**
